

The perfect way to complete an Immerse experience is to stay a night or two with us. Our beautifully appointed, individually decorated rooms continue the theme of luxury with views to the vineyard and rose gardens. Let us transport you to a time of where nothing but leisure matters.

#### **The Guest House**

The Immerse Guesthouse was the top storey of a mansion in Kew that was relocated to our property, re-stumped and configured into five deluxe rooms. The three deluxe queen rooms and two deluxe king rooms are your own space where you can simply sip a glass of wine on your private balcony or dim the lights and submerge in the corner spa, nothing but relaxation as this is a TV free zone.

Individually controlled heating/cooling add to the comfort whilst the original polished floors and pressed tin ceilings capture a mood of yesteryear with a contemporary edge using dramatic colour and modern finishes.

#### **The Lodge**

Our brand new luxurious Lodge has been rebuilt after losing the original building in the Black Saturday Bushfires of February 2009. The five king deluxe rooms are a space of your own with you own plasma TV and private balcony where you can enjoy a glass of wine and a cheese platter while taking in the beautiful view of the vineyard.

The Lodge also consists of our brand new Bridal Suite that has a raised double spa bath that looks out to the hill top vines along with a double balcony to sit back and relax.

#### **Lake House**

The Lake House accommodation has two king rooms with their own private double shower ensuites and a shared lounge area with a TV and DVD player. The split system effortlessly controls the heating and cooling at a touch of a button, while the two sliding doors open out onto a deck that extends the length of the cottage with views over the garden, lake and roses. The leather lounge suites and dining table are the extra comfort touches that you have come to expect from Immerse while the restaurant, cellar door and day spa are all within a short stroll. Perfect for a friends getaway (as the beds can be split into twin singles) or for two couples away on a winery escape.

There are an additional two queen shower ensuites which are completely private rooms on the Lake House. Book these rooms separately or combined with the two king rooms and lounge.

#### **The Indulge Spa Retreat**

Why not treat yourself to a relaxing day spa treatment while you are staying here?

Pampering treatments that range from deep tissue massages and high performance facials to couples hydrostorm packages and vishy showers. Let the trained staff guide you in relation to full day packages that include lunch!

Indulge Day Spa can be contacted on 5965 2444 (closed Tues & Wed)
