

The perfect way to complete an Immerse experience is to stay a night or two with us. Our beautifully appointed, individually decorated rooms continue the theme of luxury with views to the vineyard and rose gardens. Let us transport you to a time of where nothing but leisure matters.

With 4 separate blocks of accommodation, each with 5 rooms, you can book out one single room when you choose to escape or you can enjoy a night with friends & family and book out a complete block!

The Guest House

The Immerse Guesthouse was the top storey of a mansion in Kew that was relocated to our property, re-stumped and configured into five deluxe rooms. The three deluxe queen rooms and two deluxe king rooms are your own space where you can simply sip a glass of wine on your private balcony or dim the lights and submerge in the corner spa and enjoy nothing but relaxation.

Individually controlled heating/cooling add to the comfort whilst the original polished floors and pressed tin ceilings capture a mood of yesteryear with a contemporary edge using dramatic colour and modern finishes.

The Lodge

Our luxurious Lodge has been rebuilt after losing the original building in the Black Saturday Bushfires of February 2009. The five king deluxe rooms are a space of your own with you own plasma TV and private balcony where you can enjoy a glass of wine and a cheese platter while taking in the beautiful view of the vineyard.

The Lodge also consists of our brand Bridal Suite that has a raised double spa bath that looks out to the hill top vines along with a double balcony to sit back a relax.

Lake House

The Lake House has five queen rooms with double shower ensuites. All rooms have split systems which effortlessly controls the heating and cooling at the touch of a button and a deck that extends the length of the cottage with views over the garden, ornamental lake and fabulous collection of roses is the perfect place to sit and catch up or relax. The Immerse restaurant and cellar door are all within a short walking distance.

The Wing

Our newest accommodation block, 'The Wing' is situated comfortably within the east corner wing of the main building. All five rooms have been decorated with the style and comfort you have come to expect from Immerse accommodation. Opened in November 2011, there are three king spa suites which have a separate walk in shower ensuite. One King Spa deluxe room which has a corner spa bath to relax in and then you can warm yourself by the gas log fire. The final room is a queen shower ensuite with a large plasma television suspended from the ceiling.
