Dear Michelle

I am writing in order to thank you for your valuable assistance in the planning of our Conference last Thursday and Friday, 19 and 20 June 2008.

We were very impressed with yourself and your colleagues at Immerse, which made our stay a great pleasure, and the attention to detail was also very much appreciated.

All of our staff who attended the Conference commented on the beautiful facilities, surroundings and of course the delightful cuisine.

We would be happy to recommend you to any organization seeking a first rate conference venue, and we hope to come back again in the future.

Kind regards.

Yours sincerely

Doreen Stoves
